EXPERIENCE

Assistant UX/UI Designer

Coffrages Synergy – Toronto, Canada

Feb 2024 – Present

- Collaborated with senior designer to conduct user research and gather insights for design projects.
- Contributed to the **creation of wireframes, prototypes, and mockups**, refining designs based on feedback and usability testing using **Figma** and **FigJam** tools.
- Participated in project **hand-off preparation for development teams** to ensure designs were implemented correctly and met usability standards.

Product Designer

Starfall Web Design – Toronto, Canada

Jan 2022 – Dec 2022

- As a project-based designer, the **brand identity** was developed through extensive **client interviews** and **user research**, and the **logo and website design** content were aligned with user and market needs.
- **Brand guides, wireframes, prototypes, and user flows** were developed to ensure that the design process was seamlessly communicated to stakeholders.
- The development of the projects **from design to launch** was achieved through **collaborative teamwork** with the software development team.

Interior Designer

Mar 2019 – Jul 2021

Geo_ID – *Istanbul, Turkey*

- Established collaborative partnerships with **international teams** for the successful execution of **large-scale projects**, contributing to the design excellence of well-known organizations, especially **Maxx Royal Resorts, Voyage Hotels, and Ritz Carlton Residences**.
- Achieved a harmonious blend of creativity and functionality by applying a **holistic and multi-disciplinary approach** to develop solutions that fit seamlessly with both **design aesthetics** and **customer requirements**.
- Participated in the creation of comprehensive **architectural application projects**, demonstrating expertise in **drawing detailed plans**, and **analyzing architectural details** adhering to design specifications from ideation to launch.

Interior Designer

Aug 2017 – Dec 2018

Freelance – *Istanbul, Turkey*

- Provided consultancy services **from design to implementation** with **client consultancy**, conceptualization, space planning, material and color selection, **3D visualization**, project budgeting, supplier coordination, **on-site inspection**, and meticulous documentation.

Interior Designer

Nov 2016 – Aug 2017

MD Construction – *Ankara, Turkey*

- Worked in **coordination with construction, architecture, design, and other relevant teams**, overseeing the preparation of **renovation and strengthening projects** for large-scale public buildings such as schools and hospitals.
- Improved design and experience targets were achieved in the projects by carrying out architectural studies and **complying with the legislation**.

EDUCATION

Certificate in User Interface (UI) Design

Jan 2023 – Dec 2023

CareerFoundry – Berlin

More than 850 hours of intensive training with industry-leading mentors on UX/UI Design and Frontend Development and hands-on application of design processes and tools.

Bachelor of Interior Architecture and Environmental Design

Sep 2011 – Jun 2015

Hacettepe University - Ankara, Turkey

VOLUNTEER WORK

Sep 2011 – Jun 2012

- Member of the Ankara Volunteer Team, which contributes to the social and cultural development of primary and secondary school students through projects.
